Stick around.

One of the best things about growing up in this area is that you never have to leave it. Because its economy is growing by leaps and bounds, producing new job opportunities in both business and agriculture. Too, you'll find technical and higher education facilities second to none. So, come graduation time, stick around. You won't find a better place to live, work and play.

Welcome to Clemson

We are most pleased to have you as guests today on the beautiful, spacious, and expanding campus of Clemson University.

Here you will find a dynamic university hard at work on our nation's most vital tasks: the formal education of our young men and women; conducting a very complex multi-million-dollar research program; and directing the many programs of public service activities which are a part of this land-grant university.

To insure its ability to meet its mission and the ever increasing demands placed upon it, Clemson University has, in little more than a decade, added more than \$45 million of teaching and research facilities. The academic qualifications of the Clemson student have been significantly up-graded by the adoption of a selective admission policy. And too, the quality of Clemson faculty and teaching has greatly improved even though the number of faculty has doubled in size the past 10 years.

These essential developments, together with a program of constantly up-dating all curricula and the dramatic expansion of the graduate program, have given Clemson University a position of great academic respect throughout the nation.

A bit over 100 years ago this property was the estate of John C. Calhoun, one of the great statesmen of his era. Just over 75 years ago his son-in-law, Thomas Green Clemson, willed the estate to the state of South Carolina for the establishment of "a technical institution." A graduate of Clemson's first class (1896), Dr. B. Rhett Turnipseed, still lives at Statesville, N. C.

Today Fort Hill, the Calhoun and Clemson home, stands preserved in the center of the campus. Less than a mile away, on the site of Mr. Clemson's stable boy's cabin, is the new multi-million-dollar Robert Muldrow Cooper Library, the academic focal point of the university. The new building under construction adjacent to this beautiful stadium is the J. C. Littlejohn Coliseum. Other new facilities, representing a total cost in excess of \$10 million, are either under construction or will be before the end of the year.

We urge you this weekend—or anytime—to visit the academic and research activities that surround you here. We are confident you will be amazed by and proud of the scope and excellence of Clemson University.

And may you return often.

HEY... look us over

Academic and physical development have become an exciting way of life for Clemson University, where the campus is being rapidly transformed by a vigorous, \$50-million building program. The expansion is aimed toward the mid 1970's when Clemson's student body is expected to reach 10,000.

Construction stretches from the shadows of the towering, new high-rise residence hall on East Campus to the red earth across from Death Valley where the J. C. Littlejohn Coliseum is taking shape.

Other projects either now under construction or scheduled to begin soon are a second high-rise dormitory, an additional dining hall, a new student health center, a classroom and faculty complex for arts and sciences, and a graduate engineering research laboratory.

While visiting our campus today we invite you to become a sidewalk superintendent. Look us over. We think you will be proud of our dynamic growth. We are.

and Head Football Coach

150th Outshines 100th . . .

The 13-12 loss to Georgia Tech last year was the 100th for Coach Frank Howard in his coaching career, but overshadowing this was his 150th triumph.

This came against Maryland, 14-10, in the eighth game of the season. Howard is now one of five active coaches in the nation to achieve this plateau, and according to his standards, "it's a lot harder to win 100 than it is to lose 'em."

But he is all by himself for having the longest tenure of any coach. He is now in his 28th year at one institution, and only one other coach (Warren Woodson at New Mexico State) has more coaching years than Howard.

Last year Howard saw his Tigers win their fourth Atlantic Coast Conference title and he was named ACC coach-of-the-year. In the ACC's 13-year history, Clemson has an 82-56-2 overall record and 53-36-1 with league teams.

The Century Club . . .

Thirteen coaches who are at major football institutions (as classified by the National Collegiate Athletic Bureau) have now won 100 or more games in their careers. The "Century Club" saw two members enter last year and four retire. Coach Frank Howard is second-ranked for the most years as a head coach (behind Warren Woodson of New Mexico State). However, Howard has the longest tenure in the nation, now in his 28th year at Clemson. Howard ranks fifth in the nation for the most wins and is one of five who has won over 150 games. It's Different Here

Are college football games everywhere pretty much the same?—the crowds?—the bands?—the cheers? Sure there's a similarity—but it's different here. Each game has its own distinctive flavor—spirit—tradition. So it is with uniforms we manufacture. Into them go many intangibles of experience and skill. This is why an increasing number of Units are scoring with "Uniforms of Distinction" by

Realizing this great need, Pomona Pipe Products has broadened its services in the sanitation field. In addition to the sanitary sewer pipe which we have been selling for generations, we now carry a complete line of other sanitation equipment, such

as sewage pumping stations, treatment plants and chlorination equipment.

Our technical staff is ready to help with all phases of sanitation planning. We welcome an opportunity to be of assistance on any problem which you may have regarding waste disposal. Call Anti-Pollution Headquarters: Pomona Pipe Products, Greensboro, North Carolina. Phone (919) 299-3131.

The Wake Forest Series

Wake Forest isn't expected to act like a dignified deacon or a dyed-in-the-wool Baptist today. The seniors and juniors on this Deacon squad figure they have a score to settle.

A little less than 11 months ago, an underdog Deacon team rallied for two touchdowns in the last half to go into the last minute of play with a 21-21 tie deep in its own territory.

On a rollout pattern to the left Clemson tackle Wilson Childers popped through to register a safety for the Tigers with 26 seconds remaining for a 23-21 Tiger victory.

Earlier, with time running out in the first half, Clemson end Edgar McGee caught a Jimmy Addison pass and went all the way on an 80-yard play with Deacon partisans yelling "robbery."

It seems that an official was between McGee and the Wake defender as the pass was caught. Player and official went to the ground as McGee sped goalward.

The Clemson faithful say with even no obstruction the speedy McGee would have caught the pass and scored anyway. Deacon followers say "no."

The argument can never be answered and the Tigers were to win three of the next four to capture the Atlantic Coast Conference crown.

But these Wake Forest-Clemson games have become, more often than not, the most exciting, action packed of any on either's schedules. A meeting of captains at midfield is usually an overture of 10 curtain call magnitude.

Last year's 23-21 finish was nothing uncommon for these two. And nine times out of 10, it's been before a Youth Day crowd such as today. These youngsters, some of them seeing their first collegiate game, go away blinking that so much can happen in just over two hours.

Clemson now holds five straight triumphs over Wake Forest and leads in the overall series, 23-9. And even though the average score has been 18.7 to 11.2 in favor of Clemson, there has never been a tie in the series which started back in 1933 when Jim Weaver, now Atlantic Coast Conference commissioner, was head coach of the Deacons.

From the cries coming out of the Baptist camp, it looks like a banner year for Wake Forest. The same warnings are head from the Tiger lair. Although no champion will be crowned here today, possibly the champ is present.

Distinctive!
Daringly new!

Elegant new interiors with exciting colors, fabrics, and easy-to-reach instruments. Concealed headlights, Hide-A-Way windshield wipers, and refreshing Astro Ventilation, available on many models.

NEW SILENT RIDE.

More effective body and engine mounts, quieter exhaust systems, and further improved shock absorbers. The result? Every new Chevrolet rides incredibly smooth and silent.

NEW MODELS, TOO.

Like the elegant Impala Custom Coupe and rugged new Chevelle Nomad Station Wagons. For the serious sports fan, there's the completely re-styled Corvette Sting Ray, and the Chevelle SS 396 with long-hood short-deck styling and a wider wheel

stance to make it cling to the road better. Camaro, "The Hugger," features Astro Ventilation, and special hood on all SS models. What's more, there's a larger 307-cubic-inch V8 standard on Chevrolet, Chevelle and Chevy II models for '68. And on automatic transmission models, there's even a built-in heater that warms air en route to the carburetor and increases engine efficiency during cold weather. The new GM exhaust emission control is standard.

PROVED SAFETY FEATURES.

The famous proved GM-developed energy absorbing steering column and many other popular safety items are back again. Plus new features like energy absorbing front seat backs, safety armrests that shield door handles, padded windshield pillars, and seat belts for all passenger positions. Be smart. Be sure.
